Chapter 3. Payment of Claims Against Dairy Processing Plants

IC 15-6-3-1

Claim against milk processor; priority on insolvency

Sec. 1. The whole claim of any person against the owner or operator of any dairy plant or receiving station or any other premises where a dairy product is manufactured, processed or handled or of any premises used in receiving and shipping milk or cream, except to the ultimate consumer, or any dealer in any dairy product or any other person who purchases, assembles or receives any dairy product for manufacturing, processing, or sale, except haulers from producer to a plant or receiving station, on account of milk, cream, or any other dairy product or byproduct or either or any commodity, among the principal constituents or ingredients that include either separately or a combination of milk, cream, or any other dairy product, sold or delivered to the owner, operator, or dealer, or any judgment therefor is entitled to the same preferences in an insolvency proceeding under IC 22-2-10-1, but this section shall not affect or impair any other lien or security for the claim or judgment.
